

An aerial photograph of a wooded area. A red rectangular box highlights a specific site. Roads labeled "Cemetery Rd" and "Red Point Rd" are visible. The background is a dense forest of green trees.

FUTURE LOT SERVICING ENGAGEMENT

WEDNESDAY FEBRUARY 8

Michipicoten First Nation is building 15 new homes in the White Sands Residential Area!

Work is beginning in 2023 to prepare 9 new lots for construction. This will include clearing the new lots of trees, providing storm water management infrastructure, extending water service to the rink, a parkette and parking area.

Trail Hike 4:30pm-5:00pm @ Lot Area

Weather pending, there will be a trail hike through the lots (please be aware this is use at your own risk due to rough terrain). Please meet at the Rink.

Engagement 5:00pm-6:00pm @ Band Hall

Join us at the Band Hall for light refreshments, photos and videos of the area and conversation concerning this exciting new project!
