

# Walk Across Canada

**FOR EDUCATION AND AWARENESS  
FOR MMIWG & MMIMB (MMIP)**

Missing:  
Barry Seymour  
May 26, 2012

**CAMERON & CHARITY WEST**

**FOR MISSING AND MURDERED INDIGENOUS PEOPLE**

## About us

Cameron and Charity West live in Prince George, British Columbia. They both grew up in the north central interior of the province along BC's infamous Highway of Tears. A carpenter by trade, Cameron is Beaver Clan and a member of the Lake Babine Nation. Charity is Frog Clan and a member of the Kwadacha Nation.

## Why

The loss of indigenous peoples lives nationwide needs to be a priority. Too often when an indigenous person is taken or murdered there is little to no efforts by anyone but the families to find them or get any justice. British Columbia has the highest number of missing adults nationwide. Why is nothing being done about this?! Our goal is to gain national media coverage and start the discussion. This country needs change. There has to be fundamental changes in the way crimes against indigenous people are approached.

## Walking & Driver Support

Our vehicle travels with the hazard lights on indicating walkers/runners ahead. **Please proceed with caution.** Any help to aid in fuel/maintenance, food/water and first aid is appreciated.
