What is the Governance Reform Project?

The Project is looking to enhance the Nation's leadership selection process through the development of an Election Law and will re-examine the Council's role, responsibility and accountability to its Citizens by amending Michipicoten First Nation's Chi-Naaknigewin (Constitution) and Council Policies and Procedures.

What is the session all about?

Virtual Information Session is where Citizens can get answers to their questions about the Project, the Project Plan, Citizen engagement opportunities or the 2024 Governance Survey.
