

Codes Acceleration Program

March 16-20, 2026

Location: 3 Maple Street, Wawa

1 week intensive training initiative for all interested Michipicoten members aimed at providing resources and support to Indigenous community's unique needs and challenges faced in adopting and complying with high-performance energy building codes.

To enroll or further info contact: MFN-CEC Gina Simon at g.simon@michipicoten.com or call 705-914-0052

ECO Environment Careers Organization will provide the expertise, resources and proactive approach to energy code compliance, that can improve building performance, reduce costs, create healthy living & building environments. Come join us: lunch provided
